

Company HSE Policy:

The Champion Concrete Cutting (Edmonton) Inc., Champion Concrete Construction Inc. management team is committed to customer/client operational excellence and to the prevention of any Health, Safety and Environmental incidents. We conduct our business with integrity, honesty and mutual respect for all our clients and employees, a responsibility we take very seriously.

The prevention of occupational injury or illness is our top priority, directly complementing our contractor/client commitment to providing excellent and timely operational service in all aspects of our cutting, coring and construction operations while maintaining the highest industry standards.

Safety is a core value of Champions' HSE program, focusing on incorporating a comprehensive training program committed to continually improve the quality performance of all work performed. Our Family of Companies are dedicated to providing all necessary resources to achieve this through affiliation and membership with the following organizations:

**Alberta Construction
Safety Association**
MAKING SAFETY A WAY OF LIFE
